To our valued customers

Subject: DoP (Declaration of Performance)

Dear Customer,

we hereby declare that, for the following products:

- TROSIL
- TROSIL-TECH
- ISOLMASS
- APLOMB

it is not possible at the moment to issue the DoP (Declaration of Performance) in compliance with the current Regulation (EU) N.305 / 2011, relating to the CE Marking of construction products for sound insulation.

The harmonized technical specifications of reference for products of Expanded polyethylene (PEF) EN 14313 and EN 16069, are specifically related to:

- Thermal insulation products for buildings; in which it specifies the products used for the insulation of elements structural buildings are not included
- Thermal insulation products for buildings; this specifies that it does not include products with thermal resistance lower than 0.5 m²K / W

In consideration of the type of application envisaged and of the technical characteristics of the products indicated, they are explicitly excluded from the above mentioned harmonized technical specifications.

Available for further clarifications.
With best regards
